# Asbestos Abatement Supervisors Certificate and Supervisor Refresher

Supervisor Certification  
**15th May - 18th May 2023**  
Supervisor Refresher  
**24th & 25th May 2023**

---

## About The Program

Asbestos training is a requirement of the Department of Health based on the United States Occupational Safety and Health Administration (OSHA) and the Environmental Protection Agency (EPA). Some modifications have been made specifically pertaining to Bermuda.

Prerequisite for the Supervisor Asbestos Training is a Workers Certification along with twenty (20) job experience as a worker.

The initial Supervisory Course is scheduled to run for five consecutive days Monday - Friday. The Supervisor Refresher is one day only both are from 9:00am - 5:00pm.

All courses will be conducted by a US EPA approved instructor.

In order to receive the Initial Supervisory Certificate of achievement you must attend all five sessions of instructions and pass the written test.

## At The End of The Course

Supervisors should have knowledge and practical experience of:

- Types, Uses and risks of asbestos containing materials.
- Health hazards of asbestos and local Health & Safety legislation.
- Site set up, maintenance and dismantling.
- Safe Controlled stripping techniques.
- Respiratory Protective Equipment (RPE).
- Personal Protective Equipment (PPE).
- Transit procedures and decontamination.
- Waste Management and Disposal Procedures.
- Risk assessments, plans of work, management systems. and monitoring.
